Profile

Detail-oriented Full Stack Developer with hands-on experience in building scalable web applications using React.js, Next.js, Prisma, and PostgreSQL. Proficient in developing responsive interfaces, RESTful APIs, and containerized applications with Docker. Adept at collaborating with teams to deliver efficient solutions and optimize development workflows.

Professional Project Experience

Tax & Trade Solution

Developed a complete taxation and trade management platform for handling VAT, customs, and income tax laws, SROs, and circulars. Includes content ingestion, advanced search, versioning, and full admin control.

Technologies: Next.js, Prisma, PostgreSQL, Tailwind CSS, Docker

Live Demo: <https://taxportalbd.vercel.app/>

Inventory Management System

Built a scalable inventory management web app for product tracking, purchase and sales entry, and report generation. Features include role-based authentication (Admin, Sales Staff) and real-time stock updates.

Technologies: React.js, Node.js, Prisma, PostgreSQL, Tailwind CSS

Live Demo: <finder-bd.vercel.app/>

Portfolio Website

Developed a fully responsive personal portfolio site to showcase skills and projects. The design is clean and modern, optimized for all devices.

Technologies: Next.js, Tailwind CSS, Vercel

Live Demo: <wasim-uddin-portfolio.vercel.app/>

BloodFinder – Blood Donation Web App

Building a full-stack blood donation platform featuring secure login, donor filtering by district/upazila, and admin dashboard for management. **Technologies:** React.js, Next.js, Prisma, PostgreSQL, Tailwind CSS, Docker

Live Demo: <finder-bd.vercel.app/>

News Portal

Developed a dynamic news portal using Next.js with categories, post management, and SEO optimization. Included admin controls and comment system.

Technologies: Next.js, Tailwind CSS, Prisma, MySQL

Live Demo: news-portal-bd.vercel.app/

E-commerce Website

Working on a modern e-commerce platform with product filtering, cart system, and integrated admin panel. Focused on scalability and smooth UX.

Technologies: Next.js, Tailwind CSS, Prisma, PostgreSQL

Live Demo: finder-bd.vercel.app/

Skills

Frontend:

TypeScript, React.js, Next.js, JavaScript (ES6+), Tailwind CSS, Bootstrap, HTML5, CSS3

Backend:

Node.js, Prisma, RESTful API Development, Authentication (JWT)

Database & ORM:

Prisma, PostgreSQL, MySQL, SQLite

DevOps & Deployment:

Docker, Vercel, Railway, GitHub Actions

Version Control:

Git, GitHub

Other Tools & Technologies:

Postman, VS Code, Figma (UI Preview), SWR, Axios, Framer Motion

Soft Skills:

Team Collaboration, Problem Solving, Project Management, Continuous Learning

Academic Qualification

Bachelor of Science (B.Sc.) in Computer Science & Engineering

Bangladesh Institute of Science and Technology (BIST)

Year of Completion: 2019-2023

Certifications & Courses

DevOps Engineering (Ongoing) — *Interactive Cares*

Enrolled in a 6-month professional DevOps course focusing on CI/CD pipelines, container orchestration, version control, and cloud deployment strategies.

Mastering Next.js & Prisma — *Ostad*

Completed a 4-month hands-on course focused on full-stack development using Next.js and Prisma, including API integration, authentication, and deployment workflows.

HTML, CSS, Bootstrap & JavaScript Course — *IT Bari*

Completed a 6-month intensive course covering core front-end technologies, including semantic HTML, responsive design with Bootstrap, and interactive features using vanilla JavaScript.
